

THINGS THAT GO

MY EARLY HOMESCHOOL

THINGS THAT GO: MATERIAL LIST

MY EARLY HOMESCHOOL

- Cardstock/Colored Paper (Yellow, Black, Blue, Brown)
- Sticky notes
- Playdough
- Chalk
- Spray bottle
- Plastic cups
- Straws
- Shells
- Painters tape
- Toy cars & trains
- Paper plate
- Single hole puncher
- Shaving cream
- Glue
- Counters (eg: popsicle sticks/pebbles/pompoms,etc)

TRAINS: DAY 1

MY EARLY HOMESCHOOL

LITERACY

RAILCAR SIGHT WORDS

- Use cardstock rectangles to form a train and write sight words on each rail car and tape it on the wall
- Write a matching sets of words on sticky notes and let your child place them on its matching rail car

MATH

NUMBER TRAIN

- Precut the engine and rectangular railcars using cardstock
- Based on a number sequence your child is working on (eg: skip counting, 1-10, 10-20), write a number on each railcar
- Build the train by arranging the rail cars in order

SENSORY/ART

PLAYDOUGH TRACKS

- Provide play dough and train cars
- Roll out the play dough and move trains along it and observe the prints
- Expand activity: invite child to roll out/cut play dough to form rail tracks

GROSS MOTOR/SONG

CHOO CHOO

- Form train tracks using chalk or painters tape
- Pretend to be on a train and follow the tracks!
- Check out this train movement song to enhance the activity!
- <https://www.youtube.com/watch?v=ilvhqBwqH6Y>

CHARACTER COUNTS

- Discuss '**Patience**' this week
- What does it mean?
- How can we work on patience this week? How can we cultivate patience instead of throwing a tantrum?

BOATS: DAY 2

MY EARLY HOMESCHOOL

LITERACY

SPRAY THE WORD

- If the weather is nice, feel free to do this activity outdoors!
- Write pairs of word families using chalk
- Call out a word blend for your child to find (eg: -at, -ot)
- Let your child find the two words containing the blend and "wash them away" with a spray bottle

MATH

SAIL MATCH

- Draw counting dots on plastic cups
- Write a matching set of numerals on triangle cutouts and tape them onto straws
- Let your child count the dots and place the correct sail in the cup

SENSORY/ART

WATER SENSORY PLAY

- Fill a sensory bin with shells and water
- Provide transferring tools and encourage free exploration

GROSS MOTOR/SONG

OBSTACLE COURSE

- Create an obstacle course at home
 - Balance over a pillow trail
 - Crawl through a tunnel
 - Jump over obstacles
 - Shoot a ball into a hoop/bucket

STEM

- Hide a variety of objects and invite your child to find them
- Fill a bin with water and chart out which objects sink and which objects float
- Explore what causes an object to sink or float
- Halfway point, invite your child to guess whether the object would sink or float

CARS: DAY 3

MY EARLY HOMESCHOOL

LITERACY

LETTER DRIVE

- Introduce 2-3 new sight words today and write them in large print
- Read each words and form sentences with them
- Let your child use a toy car to drive over each word
- Then, use letter magnets to build them

MATH

PARKING LOT SHAPES

- Draw a parking lot on a large sheet of paper with a shape in each spot
- Stick shape cutouts onto cars
- Drive each car into its matching parking lot
- Practice shape recognition
- If your child has mastered 2D shapes, let's practice 3D shapes!

SENSORY/ART

MUDDY TRACKS

- Dip cars into brown paint and drive all over butcher paper
- Create muddy tracks!

GROSS MOTOR/SONG

RED LIGHT, GREEN LIGHT

- Cut out a red circle and a green circle out of construction paper
- Hold up the red circle and shout "RED LIGHT" to stop, and "GREEN LIGHT" to run!

HOME APPLICATIONS

- Practice looking left and right before crossing the street!

BUSES: DAY 4

MY EARLY HOMESCHOOL

LITERACY

BUS SOUNDS

- Review the long and short sounds of vowels
- Speak a word containing a vowel and ask your child to listen for a long or short sound
- If the word contains a long sound (eg: A in Acorn), punch a hole on the bus
- If the word has a short sound (eg: A in Astronaut) do nothing

MATH

WHEEL ADDITION

- Prepare bus cutouts with simple equations on them
- Write the answers on sets of precut wheels
- Let your child use counters to find the sum and place the correct set of wheels under the bus

SENSORY/ART

BUS CRAFT

- Provide half a paper plate, black circle cutouts, and crayons
- Invite child to create a bus!
- Invite your child to draw friends riding the bus with them

GROSS MOTOR/SONG

THE WHEELS ON THE BUS

- Sing "The Wheels on the Bus" and do the movement activity

DRAMATIC PLAY

BUS RIDE

- Line up chairs in a row behind the driver's seat
- Let your child use their favorite stuffed animals or friends as passengers
- "Drive" the bus around town singing "The Wheels on the Bus"

AIRPLANES: DAY 5

MY EARLY HOMESCHOOL

LITERACY

CLOUD JUMP

- Draw clouds and letters on the ground using chalk
- Let your child spell out their first and last names by hopping on the cloud letters
- Expand activity by calling out CVC words for your child to build (eg: c-at, -s-at)

MATH

PAPER PLANE NUMBERS

- Fold small paper planes and write numbers on each plane
- Invite child to find a number and fly the plane across the room
- Include challenging double digit numbers

SENSORY/ART

PUFFY CLOUD PAINTING

- Mix some glue and shaving cream
- Make some puffy art by painting mixture onto blue cardstock!

GROSS MOTOR/SONG

ROLL AND FREEZE

- Roll a play tunnel/push toy/roll himself
- "Roll, roll, roll, roll andddd....FREEZE"
- When you say FREEZE, they stop
- Practice listening skills with repetition

FAMILY FUN IDEA

- Lie down under the clouds and let your imagination run wild!
- See what images the clouds form in the sky!
